- [Academic Search Complete](#)
Academic Search Complete, designed specifically for academic institutions, is the world's most valuable and comprehensive scholarly, multi-disciplinary full-text database, with more than 5,300 full-text periodicals, including 4,400 peer-reviewed journals. In addition to full text, this database offers indexing and abstracts for more than 9,300 journals and a total of 10,900 publications including monographs, reports, conference proceedings, etc. The database features PDF content going back as far as 1865, with the majority of full text titles in native (searchable) PDF format.
[Title List](#) [More Information](#)
- [Business Source Complete](#)
This is the world's definitive scholarly business database, providing the leading collection of bibliographic and full text content. As part of the comprehensive coverage offered by this database, indexing and abstracts for the most important scholarly business journals back as far as 1886 are included. In addition to the searchable cited references provided for more than 1,200 journals.
[Title List](#) [More Information](#) [Enhanced Business Searching Interface](#)
- [GeoRef](#)
GeoRef, produced by the American Geological Institute, is a comprehensive geosciences database containing over 2.8 million bibliographic records to the geoscience literature of the world. Over 3,500 journals are reviewed for indexing in the *GeoRef* database as well as books, maps, government reports, conference papers, and theses and dissertations.
[More Information](#)
- [EconLit with Full Text](#)
EconLit with Full Text contains all of the indexing available in *EconLit*, plus full text for more than 400 journals. It provides indexing and full text for articles in all fields of economics, including capital markets, country studies, econometrics, economic forecasting, environmental economics, government regulations, labor economics, monetary theory, urban economics and much more.

EBSCOhost Research Databases

EBSCOhost is a powerful online reference system accessible via the Internet. It offers a variety of proprietary full text databases and popular databases from leading information providers.

The comprehensive databases range from general reference collections to specially designed, subject-specific databases for public, academic, medical, corporate and school libraries.

EBSCOhost Tutorials

EBSCOhost Online Help now includes product tutorials. These three-to-four minute tutorials guide you through the features of your EBSCO products. Tutorial subjects include Basic and Advanced Searching, Creating Searches and Alerts, and Page Composer. To view a complete list of available tutorials, see [EBSCOhost Tutorials](#).

EBSCO Support Site

EBSCO's [Support Site](#) is available 24 hours a day, 7 days a week. Our FAQ database, tutorials, and user guides can provide answers to your technical questions. EBSCO Customer Support Representatives are available Monday through
